Summer 2009

SAVE MONEY AND STAY SAFE WHILE YOU ENJOY THE WARM WEATHER

We realize natural gas may not be the first thing on your mind this summer, but you can take some simple steps now to save money and stay safe! First, take a look at your appliances. Do any of them need to be replaced with more energy-efficient models? Also, it's always better to weatherize before the cold weather hits, so don't wait until the fall to make your home more energy efficient. And this summer, keep the heat out of your kitchen by firing up that natural gas grill as often as you can. If you're outside working in the yard, make sure all gas lines are marked before digging. Remember to call 811 before you dig! And finally, if you plan to move this summer, take advantage of our online Connection Center at onlygng.com to sign up for all your utilities and home services.

SUMMER CORN SALAD

INGREDIENTS

6 ears of corn, husked and cleaned
3 large tomatoes, diced
1 large onion, diced
¼ cup chopped fresh basil
¼ cup olive oil
2 tablespoons white vinegar
salt and pepper to taste

A COLD DISH THAT'S MADE FOR WARM WEATHER

DIRECTIONS

1. Bring a large pot of lightly salted water to a boil. Cook corn in boiling water for 7 to 10 minutes, or until desired tenderness. Drain, cool, and cut kernels off the cob with a sharp knife.
2. In a large bowl, toss together the corn, tomatoes, onion, basil, oil, vinegar, salt and pepper. Chill until serving.
