1. Preheat oven to 350° F (175° C). Butter a 9x13 inch baking dish.
2. In a large bowl, combine bread, milk, sugar, butter, eggs, vanilla and butterscotch chips; mixture should be the consistency of oatmeal. Pour into prepared pan.
3. Bake in preheated oven 1 hour, until nearly set. Serve warm or cold.

#### DIRECTIONS

RAVE REVIEWS AWAIT YOU THIS HOLIDAY SEASON

- INGREDIENTS**

An exclusive publication for Georgia Natural Gas customers.

Winter 2009

## CLEAN-BURNING NATURAL GAS STILL A GREAT CHOICE FOR ENVIRONMENT

Natural gas is all over the news these days as a great way to make an immediate positive impact on the environment. But Georgia Natural Gas® (GNG) has always known that the cleanest-burning fossil fuel is an essential part of meeting this country's energy needs. While alternative and renewable energy sources will take years to be a reality, natural gas is readily available now. Just by using clean, plentiful natural gas, you are making a difference in the environment.

### GNG TAKING STEPS TO HELP US ALL BREATHE EASIER

- We're Georgia's first and only marketer to provide recycled natural gas from a landfill.
- We've initiated recycling and telecommuting programs in our corporate headquarters.
- We work with organizations like the Council for Responsible Energy to help encourage consumers to use environmentally friendly natural gas.

When it comes to the environment, we're all in this together. And natural gas continues to be the wise energy choice for environmentally conscious consumers.

## TOGETHER, LET'S SPREAD SOME WARMTH

Help your fellow Georgians during the cold winter months by making a tax-deductible donation to the Heating Energy Assistance Team (H.E.A.T.). Your generosity helps hundreds of low-income Georgians pay their heating bills this winter.

Since 2000, Georgia Natural Gas has provided more than \$3 million in energy assistance. Our customers have donated more than \$125,000 to H.E.A.T.

In a self-stamped/self-addressed envelope, mail your check made payable to H.E.A.T. to:

H.E.A.T.  
Wachovia Bank, N.A.  
PO Box 930112  
Atlanta, GA 31193

### Consumer Rights

At GNG we appreciate your business and value you as a customer. Our goal is to deliver superior customer service, and we are always looking for ways to better serve you. To register a customer complaint, first contact GNG's Customer Care Center by mail: P.O. Box 440667, Kennesaw, GA 30160-9512; by phone at 770-850-6200 (toll-free 1-877-850-6200) for residential customers or 678-290-3600 (toll-free 1-888-427-6066) for commercial customers; by fax: 404-685-4117; by e-mail: [customerservice@onlyng.com](mailto:customerservice@onlyng.com); or online at [onlyng.com](http://onlyng.com). If we are unable to resolve your issue to your satisfaction, you also may contact the Georgia Public Service Commission at 404-656-4501 (toll-free 1-800-282-5813). Residential customers also may contact the Consumers' Utility Counsel Division of the Governor's Office of Consumer Affairs at 404-651-8600 (toll-free 1-877-427-4321). If you smell gas or have a natural gas-related emergency, please contact Atlanta Gas Light Company at 770-994-1946 or 770-907-4231 (inside metro Atlanta). Outside metro Atlanta, call 1-877-427-4321.

## PLAN AHEAD TO STAY SAFE

**Know what's below.  
Call before you dig.**

Natural gas is a safe energy source and natural gas leaks are very rare. However, there are a few things to keep in mind should a leak occur. Atlanta Gas Light has added the odor of rotten eggs to the gas to give it a distinctive smell. If you ever suspect that you smell natural gas, go to a phone away from the smell and call 877-427-4321.

### More important tips:

- If you smell gas indoors, leave the building immediately and have others also exit immediately.
- Do not light a match, operate natural gas appliances, use a phone, or turn an electrical switch on or off.
- Keep everyone away from the area of the odor.
- Do not start a car.

### NEVER TRY TO FIND A LEAK YOURSELF.

Also, please be aware that excavation work is the most common cause of natural gas emergencies. Before digging, state law requires you to have your utility lines professionally marked. Call the toll-free number, 8-1-1, at least three full business days before digging, excluding weekends and holidays, to have your underground utilities located and marked free of charge.
